(1) In order to counter the consequences of the human pandemic that threatens the safety of life and property, I hereby order that the educational activities of the University involving every degree course shall be continued in the form of education without personal attendance at all authorized faculties (gestors).

(2) In view of paragraph (1), the head of each unit that is responsible for education shall

- (a) be responsible for the organization, monitoring and control of the action plan submitted on 17 March 2020;
- (b) ensure that educational activities are conducted as smoothly as possible, and
- (c) inform students about the requirements of the disciplines he/she is responsible for in a transparent manner.

(3) In view of paragraph (1), students shall not visit the University. In connection with the implementation of this directive, I draw the students' attention to the fact that they should stay at their places of residence, international students residing at Somogyi Imre Dormitory and Gödöllő Dormitories should stay in their dormitories and avoid public events.

**Final provisions**

**3§**

(1) Education without personal attendance shall be conducted from 30 March 2020 until the date of termination of this directive, or in accordance with the provisions of higher education institutions legislation related to the subject this directive.

(2) This Directive shall enter into force at 20.00 o'clock on the day of its promulgation and shall remain in force until revoked.

Gödöllő, 27 March 2020

Dr. László Palkovics  
Rector
