

Call for Application for Stipendium Hungaricum dissertation scholarship for doctoral students graduating in the Fall semester of the 2020/2021 academic year

1. The Stipendium Hungaricum Scholarship Programme

1.1. Mission of the Programme

The Stipendium Hungaricum Scholarship Programme was launched in 2013 by the Hungarian Government. The main goal of the programme is to support the internationalisation of Hungarian higher education and its development, to strengthen the international relations of the Hungarian academic and research community, to enhance the cultural diversity of higher education institutions and to promote the good reputation and competitiveness of Hungarian higher education throughout the world. The programme is based on bilateral educational cooperation agreements signed between the Ministries responsible for education in the sending countries/territories and Hungary or between institutions. Currently, more than 70 Sending Partners are engaged in the programme on 5 different continents, and the geographical scope of the programme is spreading each year.

The core mission of the programme is to increase the number of foreign students in Hungary and to encourage Hungarian higher education institutions to attract foreign students.

Since 2013, the number of Stipendium Hungaricum scholarship holders has grown significantly, at the same time increasing the ratio of self-paying international students in Hungarian universities. Between 2013 and 2019, the ratio of international students studying in Hungarian higher education has doubled, and the ratio of Stipendium Hungaricum scholarship holders among them has quadrupled.

The number of both Stipendium Hungaricum applicants and awardees is continuously increasing, as well as the number of available scholarship places. In 2020, more than 35,000 applications were received and more than 5,000 scholarships were awarded, the ratio clearly showing that since its launch, the Stipendium Hungaricum scholarship has become a programme of excellence.

The Programme is managed by Tempus Public Foundation (hereinafter referred to as TPF).

1.2. Background of the call for application

Stipendium Hungaricum scholarships are available for bachelor's, master's, one-tier master's, doctoral, and non-degree programmes (preparatory and specialisation courses).

In Hungary, the duration of doctoral programmes is 8 semesters. Doctoral programmes are divided into two different phases: the first phase (4 semesters) is for professional training and research, while the second phase (4 semesters) is for research and dissertation.

In compliance with the effective Hungarian legislation, Stipendium Hungaricum scholarship holders can request the extension of their scholarship at the end of their bachelor's, master's and one-tier

master's programmes. According to the law, the doctoral programmes cannot be extended, not even if the scholarship holder has successfully obtained their absolutorium and the only step left for them is to acquire their doctoral title by the defense of their thesis. The aim of this call for application is to grant an opportunity to scholarship holders completing their 4-year doctoral programmes within the framework of the Stipendium Hungaricum Scholarship Programme and to acquire their doctoral degrees as Dissertation Scholarship Holders. The Dissertation Scholarship can be used for research and dissertation writing purposes only in cases when the scholarship holder's presence in Hungary is absolutely necessary for finalizing their doctoral activities.

3.3. Selection Procedure

The host institution will send the list of applicants suggested for funding with the submitted documents of the Applicant to the TPF Study in Hungary Department by 10 December 2020. Submitted applications will be assessed by the TPF Study in Hungary Department on the basis of the documents received. The most important criteria of the decision is the necessity of the applicant's presence in Hungary.

The Study in Hungary Department of TPF then proceeds to officially contact the relevant sending partners in order to seek their approval regarding the dissertation scholarship for the applicants. (The Applicant does not have to contact their sending partner directly.) In case the partner does not respond within 10 days of receiving the approval request from TPF, the applications are considered to be approved by the sending partner. Applications not supported by the sending partner will automatically be rejected.

The list of scholarship awardees will be decided upon at the TPF Board of Trustees' meeting in January 2021.

The host institutions, the awardees and sending partners will be informed of the final results by the Study in Hungary Department of TPF.

In case the Applicant is due to obtain their absolutorium during the fall semester of the 2020/21 academic year (i.e: the absolutorium is expected after the decision of the TPF Board of Trustees), the dissertation scholarship will be awarded conditionally to the Applicant. In this case, the Letter of Award granting the scholarship will be issued by TPF after the higher education institution confirms the successful obtaining of the absolutorium.
